Capo 3-C

C Cma7 F G
 1. God's economy and His eternal plan,
 C Cma7 F G
 His heart's desire and intention is to be one with man.
 F C Em Am
 Yet man has failed completely throughout all history.
 F C
 But Hallelujah! Praise the Lord!
 F G
 God's life is now in me.

2. Now this life in me is flowing
 as the river of water of life,
 Washing away all my sins, my cares, and all my strife.
 This life is overcoming situations in my day.
 Hallelujah! Praise the Lord! For this is what I pray:

C Cma7 F G
 Lord Jesus, I love You!
 C Cma7 F G
 I give You the preeminence in what I do.
 C Cma7 F G
 Enjoying You is the overcoming way.
 C Cma7
 Thank You for Your recovery.
 F G C
 Your Word we will obey.

3. Thank You for our situations
 and the environments we are in,
 That we'd turn to You from all things,
 and turn away from sin.
 We'd drop all our anxieties
 and put our trust in You.
 And experience this living Christ,
 because He's ever new.

4. Now the church life is so precious
 with all the saints so dear.
 Enjoying all Your riches,
 our vision is so clear.
 That all would prophesy of Christ
 from what they've seen,
 According to Your scripture in first Corinthians 14.

(Repeat chorus)

(G-Em-C-D)

- I'm coming again to this fountain within.
 I'm opening wide to this life-giving tide.
 Here I am-coming to Him.
 Here I am-Lord, come and flood me within!
- I'm dry but I long to be swallowed by life.
 I'm weak but am coming and opening wide.
 Spring up well! Spring up in me!
 Spring up well! Unto eternity!
- The wells of salvation are flowing and free.
 Thirsty and weary, just open and see.
 They are free! Come and see!
 They are free! Open your mouth and you'll see!
- I open a little and in comes the tide.
 The more that I drink, the more I'm satisfied.
 So I come-desperate for life.
 And I come-Lord, give me life or I die!
- Zoe's the answer and Zoe's the key.
 Zoe's my goal and Zoe's my need.
 I need God's life-to flood o'er my soul.
 I need God's life-to fill me within and o'er flow!
